MR. JOSEPH P. GRIFFIN, President,
BOARD OF TRADE OF THE CITY OF CHICAGO.

MY DEAR SIR:

In conformity with the rules of this Association, I herewith submit the Sixty-fourth Annual Report of the Board of Trade of the City of Chicago, for the year 1921.

JOHN R. MAUFF, Secretary.

My acknowledgments are due, and are hereby tendered to Messrs. Howard, Bartels & Company and The Davidson Commission Co., Chicago; United States Department of Foreign and Domestic Commerce, Washington, D. C.; Price Current Grain Reporter; Niels Juul, Collector of Customs of the City of Chicago; Chicago Daily Hide Report, Chicago; Arthur G. Leonard, Esq., General Manager, Union Stock Yards & Transit Company, Chicago, and the United States Department of Agriculture, Washington, D. C.

REPORT OF THE PRESIDENT

January 10, 1922.

TO THE MEMBERS OF THE
BOARD OF TRADE OF THE CITY OF CHICAGO

GENTLEMEN:

The annual report of your Board of Directors, of the several departments of the Board and of the various committees, is herewith submitted:

FINANCIAL

I am pleased to advise that your association is in a most excellent financial condition. During the fiscal year, unusual conditions resulted in the largest expenditures in our history. Despite that fact, our income from the fee departments and from other sources, was sufficient not only to provide for this extraordinary outflow, but to result in about the largest surplus on record. Much difficulty has been experienced in buying our bonds (holders being most reluctant sellers) with the result that our aggregate purchases and retirement of bonds amounted to \$13,300, leaving the outstanding bonded indebtedness \$501,000. Out of the income of the past year, in lieu of buying our own bonds, we have invested \$150,000 in United States Treasury Certificates, which bear four and one-half percent interest and are in the custody of our treasurer.

GENERAL CONDITIONS

In many respects the year 1921 was perhaps the most eventful in the history of our great organization. From the day this administration was inducted into office, until approximately September first, we were subjected to the most ruthless attacks in Congress and at legislative centers. Numerous measures were introduced which had for their sole objective the utter destruction of the present marketing system. These attacks were sponsored by a well organized movement of individuals and groups presuming to represent the American producer. The plain and simple truth must be here recorded that many of these leaders were not actuated by any sincere desire to help the farmer, but rather their campaign was founded purely upon personal aggrandizement.

At the commencement of this campaign against organized Exchanges, the sentiment of the law-makers everywhere was hostile. It is to the everlasting credit of Congress and State legislatures that they granted a full and free opportunity to explain the merits of the grain marketing system. After eight months of pitiless publicity, of most searching

investigation, these bodies—none too friendly—were unable to locate any vital defects in that system. As a consequence, the only laws that have been enacted are purely regulatory, and by affirmative action not only recognize, but, in fact, perpetuate practically every method of doing business on grain Exchanges.

That the American agriculturist is in a deplorable plight cannot be denied. His present situation is a reflection of world-wide economic conditions and in no sense chargeable to the machinery employed to market his products. The economic ills of this group cannot be cured by executive or legislative dictum. Statutory enactments will never prove an adequate substitute for demand. Heroic financial assistance, such as rendered by the War Finance Corporation, may result in a more orderly marketing, but furnishes no outlet for excess supplies on the American farm. I respectfully suggest to our law-makers, that there is a potential demand for all the farm products produced in the United States. Any measure designed to help the farmer which does not directly stimulate the demand for his products is futile and reactionary. This Exchange now, as ever, is willing to employ all of its machinery and resources to help improve the condition of our most numerous and important class—the farmer.

RECOMMENDATIONS

For the third time I respectfully submit the urgent necessity of a modern method of clearing our transactions. Millers and grain merchants everywhere are protesting bitterly because of the inability of our members to make advances to their patrons on unclosed trades. As a result, a large volume of hedging business is being lost to this market and executed elsewhere at such points operating a modern clearing house and where hedgers as a consequence are not obliged to employ so much capital in carrying insurance contracts. If the Supreme Court should sustain the constitutionality of the Capper-Tincher Act, our Exchange and its members will be burdened with the necessity of keeping records and filing reports—a situation avoided in competing markets where transactions are cleared under a modern method.

Your officers and directors and the committee on new building sincerely regret that building conditions have not warranted the erection of a new building during the year 1921. This project cannot be delayed much longer without incurring extraordinary expenditure for the maintenance of the present structure. I am confident that before the year 1922 terminates we will be completely justified in going ahead with our plans for a new home. I earnestly urge the membership to approve such a plan when presented, so that our place of business will be compatible

with our dignity and standing as the greatest commercial organization in the world.

The grain markets are the only Exchanges in this country permitting members, acting as agents for the public, to limit their liability by transacting business under the corporate form. Where corporations are acting as principals in transactions, I see no objection to their being privileged to do business under that form. Where, however, they act as brokers or commission merchants and are custodians of customers' funds, I consider it improper that we allow our membership in any way to limit or escape their moral liability. Corporations exist on our Exchange by courtesy and not by right. The greatest security market in the world, The New York Stock Exchange, denies admission to our great banking houses solely on the ground that no member can in any way limit his liability to the patrons of that Exchange. I ask you, my fellow-members, to seriously consider amendments to our rules to carry out the suggestions herein contained.

Our present book of rules represents the composite efforts of approximately five hundred members of the Association, all of whom were business men and none lawyers. The result is, many rules are ambiguous, causing much confusion when the Board of Directors are charged with the duty of interpretation. We need an entire new set of rules—simple yet comprehensive. I suggest to the new administration that it at once undertake to codify the rules of the Association.

Much of the criticism directed against Exchanges reflects lack of knowledge of the great functions served by these organizations. During the past several years this Board has carried on an intensive campaign of education. We are daily in receipt of requests for pamphlets and other printed matter from economists, colleges, public officials, and officers and members of farm organizations. This publicity campaign has measurably enlightened a large percentage of our population to the great service we render. I earnestly recommend there be no cessation in this campaign of education.

As we lay down the responsibilities you have thrust upon us, it is gratifying to be able to turn over the affairs of the Association to the new administration without your functions or usefulness being in any respect impaired. Misguided attempts to destroy our organization or to largely eliminate the value of the service we render, have been met and repulsed. In behalf of the officers and directors of the Association, as well as a purely personal expression, I wish to thank the membership for their hearty cooperation and support during this year of stress and trouble.

JOSEPH P. GRIFFIN, President.

REPORT OF LEGAL DEPARTMENT

WILLIAM E. HUDSON, Chairman

In the bankruptcy proceedings in the Federal Court in Chicago, in which the trustee in bankruptcy of Wilson F. Henderson instituted proceedings to have Henderson's membership in this Board adjudged an asset in bankruptcy free from the claims of a number of members of the Board, who are creditors of Lipsey & Company, Judge Landis has decided in favor of the Trustee, and an appeal has been perfected by this Board to the Circuit Court of Appeals. This appeal will be argued in January, 1922, and a decision will be rendered a few weeks thereafter.

In the proceedings before the Interstate Commerce Commission to determine whether a larger liability should be imposed upon the telegraph companies for their negligence in the delivery or transmission of unrepeatd messages—in which proceeding this association joined other exchanges in employing the attorney of this Board—the Interstate Commerce Commission gave the exchanges a partial victory by imposing on the telegraph companies a liability of \$500 in the case of unrepeatd messages (where theretofore the liability was only nominal) and a liability of \$5,000 in the case of repeated messages. While this is something gained, it is not as large a liability as it is thought should be imposed, and it may be advisable later to renew the effort for a larger liability.

The heirs of Henry Vogel commenced a creditors suit, in June last, to have the membership of William H. Gallagher sold to pay his debts, and the Board was made a party to that suit, which is still pending.

No other suit has been brought against the Board, and no suit has been commenced by the Board during last year.

The Act of Congress known as "The Future Trading Act" became operative December 24, 1921; but the United States Supreme Court, in a suit brought by some individual members of this Board, enjoined the Secretary of Agriculture from requiring compliance with, and the Board from complying with, the Act before that court has passed upon its constitutionality. That court, however, authorized the Secretary of Agriculture to designate temporarily this Board as a "contract market" so that future trading of its members would not, during the pendency of the case, be subject to the tax imposed by the Act; and under this provision the Board applied for, and the Secretary granted it, a temporary designation as a "contract market."

TRANSPORTATION DEPARTMENT

E. A. DOERN, Chairman

The high freight rates which were in effect at the beginning of the year 1921 were modified, as to Grain and Grain Products, in many important respects at different times during the year and finally, at the close of the year, were reduced substantially on all Farm Products throughout the entire country.

I. REDUCTIONS IN RATES ON GRAIN, GRAIN PRODUCTS AND HAY IN THE WESTERN TERRITORY

An investigation into the question of rates on Grain, Grain Products and Hay in the territory west of the Mississippi River was instituted by the Interstate Commerce Commission and a hearing before that body was held in August.

In its decision in October the Commission found the rates to be unreasonable to the extent that they exceeded on Wheat and Hay one-half the increase allowed in August, 1920, and that on Coarse Grain reasonable rates would be 10 per cent less than the reduced Wheat rates.

The carriers were expected to make these reduced rates effective not later than November 20th, but, as they failed to do so, the Commission issued an order on November 21st requiring the carriers to put them in on December 27th. Slight delay occurred due to the carriers' petition filed with the Commission late in November for a reopening of the case. This petition was denied; thereupon the carriers proceeded to publish the reduced rates effective quite generally on January 1, 1922.

The Commission's order included Western Illinois, but there the carriers confined the reductions to the Interstate Illinois rates. This has caused confusion in the rates within Illinois. Some action will probably be taken to harmonize the rates in Western Illinois with those in Eastern Illinois. The details of the rate reductions in the Western territory were given in recent bulletins of this department.

II. VOLUNTARY REDUCTIONS IN RATES ON GRAIN AND GRAIN PRODUCTS

The carriers voluntarily reduced some of the Domestic rates on Grain and Grain Products at various times in the past year.

The greatest of these was a reduction of 10 per cent on all Farm Products published to take effect January 1, 1922, and to remain in effect for six months.

This 10 per cent reduction applies generally at points east of the Mississippi River, except where the rates had already been reduced 10 per cent or more since August 26, 1920.

Effective September 28, 1921, the reshipping rates on Grain and Grain Products from Chicago to Eastern Trunk Line Territory were reduced in amounts from 1 to 4½ cents per 100 pounds. These reduced rates were first published to expire December 31, 1921, but have been extended to June 30, 1922.

Reductions in the Grain rates to Chicago were made from some points in Western and Northwestern Indiana, Northwestern Iowa and South-eastern South Dakota.

The proportionals to Chicago from stations on the Illinois Traction System, and from a part of the Monon Route were published to apply to Chicago on Grain reshipped to the East via Lake.

III. EX-LAKE GRAIN RATES FROM BUFFALO

In our last annual report it was stated that the Ex-Lake Grain rates from Buffalo were readjusted on September 1, 1920, so that the increases over the August 25, 1920, rates were made 25 per cent on Export and 30 per cent on Domestic Grain instead of the 40 per cent increase generally applied in the East. It was further stated that the September 1, 1920, rates would expire February 28, 1921. Negotiations were entered into with the carriers early in 1921 resulting in the September 1, 1920, rates being continued until August 9, 1921, on Export and April 15, 1921, on Domestic Grain.

On April 15, 1921, the Domestic rates went up to the full 40 per cent increase and so remained until the end of this year, except that in June the rates to Boston, etc., were reduced 2 cents per 100 pounds, or to a basis over New York of $2\frac{1}{2}$ cents instead of $4\frac{1}{2}$ cents per 100 pounds. However, the 10 per cent reduction effective January 1, 1922, will apply to these Domestic rates.

Effective August 9, 1921, the Export rates were further reduced 5 cents per 100 pounds on Wheat, Corn and Rye, and 3 cents per 100 pounds on Oats and Barley. These Export rates are still in effect. They are not satisfactory on Oats and Barley, but so far our efforts to secure lower rates have been unavailing.

The above mentioned rate changes from Buffalo were followed by corresponding changes from other Lake Erie ports and from Georgian Bay ports.

IV. RATES ON GRAIN AND GRAIN PRODUCTS FOR EXPORT

The Export rates to Atlantic ports from points on and west of the Illinois-Indiana State line are altogether too high when compared with the rates to Gulf Ports.

At the beginning of this year the Grain rates to Baltimore were higher than to Gulf Ports by 14 cents per 100 pounds from Kansas City; 13 cents from Omaha, St. Louis, Southern Iowa and Missouri; and 8 cents from Central Illinois. Since January 1, 1921, these differences have been narrowed to 8 cents from Kansas City; 7 cents from Omaha, St. Louis, Southern Iowa and Missouri; 6 cents from Illinois Central R. R. Central Illinois stations, and 3 cents from Central Illinois stations on other railroads.

This betterment of the differentials was brought about by reductions to Atlantic ports of $10\frac{1}{2}$ cents per 100 pounds from Chicago and Illinois; $11\frac{1}{2}$ cents from Missouri River, St. Louis, Southern Iowa and Missouri,

and to Gulf Ports of $5\frac{1}{2}$ cents from Missouri River, St. Louis, Southern Iowa and Missouri; $8\frac{1}{2}$ cents from Central Illinois stations on Illinois Central R. R. and $5\frac{1}{2}$ cents from other Central Illinois points.

This Export Grain rate differential question was discussed on many occasions in 1921 and at great length with the Interstate Commerce Commission and the carriers, with a view to giving the Atlantic Ports a better rate adjustment, but the Gulf Lines decline to yield any of their undue advantages.

The January 1, 1922, rates will not alter the present differential situation.

As further conferences with the Gulf lines offer no hope of an amicable settlement satisfactory to this Exchange, your Transportation Committee has authorized the filing of a formal complaint with the Interstate Commerce Commission as soon as concurrences have been received from the Atlantic Ports and interior Exchanges favoring our views that the differentials to Atlantic Ports should be restored to a basis over the Gulf Ports not greater than existed prior to the War. The formal complaint should be ready for filing before the end of January, 1922.

V. RATES ON GRAIN AND GRAIN PRODUCTS FROM MINNEAPOLIS TO EASTERN TRUNK LINE TERRITORY

There was published to take effect November 1, 1921, a tariff from Minneapolis containing Domestic rates on Grain and Grain Products to points east of Buffalo and Pittsburgh which were lower than the combination of rates via Chicago to the extent of 2 cents per 100 pounds on Wheat, $2\frac{1}{2}$ cents on Grain Products and 5 cents on Coarse Grain. These rates were to apply on Grain from Montana, North Dakota and Minnesota points from which the rates to Duluth and Minneapolis are equal. Because these proposed rates from Minneapolis would discriminate against Chicago, Milwaukee, Duluth, etc., this Exchange and others including Duluth jointly requested the Interstate Commerce Commission to suspend the tariff. Suspension was granted and a hearing held in December. The Minneapolis millers and grain dealers stubbornly contested permanent suspension. Briefs in the case are due January 16, 1922.

This department and our Commerce Counsel have actively participated in the proceedings in opposition to the tariff, and will take part in the oral argument before the Interstate Commerce Commission at Washington.

VI. RATES ON GRAIN AND GRAIN PRODUCTS FROM THE SOUTHWEST TO DULUTH

The Kansas City, St. Joseph and Atchison Grain Exchanges in a formal complaint before the Interstate Commerce Commission are endeavoring to obtain the same rates to Duluth as to Chicago. At the present time the Grain rate from these lower Missouri River markets to Duluth is 7½ cents per 100 pounds higher than to Chicago.

We intervened in opposition to the complaint. The hearing which our Commerce Counsel and this department attended was held in Kansas City in December. Briefs will be filed in January, 1922. Shortly thereafter, oral argument will be heard and a decision should be handed down before the 1922 Southwest Wheat Crop begins to move. Wheat is the grain chiefly affected.

IN GENERAL

Other matters, many of which were of great importance to the members of this Exchange, were disposed of during the year just closed. Some of them were:

Withdrawal by the carriers of tariff increasing demurrage charges owing to protests by the grain trade and others.

Cancellation of demurrage and reconsignment charges on grain held in Chicago for disposition after inspection during period of Switchmen's strike in 1920.

Equalized basis of reshipping rates on Grain and Grain Products from Chicago to Ohio River for beyond.

Proposed changes in transit rules at Chicago.

Modification of minimum weight rules on Grain.

Method of handling overcharge claims accrued during the War.

Free in and out Lake bills of lading for Grain.

Form of uniform bills of lading prescribed by the Interstate Commerce Commission. Effective date not yet determined.

Institution of storage in transit rules at Chicago on Cotton.

Arrangement for filing with the Board of Trade Joint Agency, instead of with railroad Agents, surety bonds in lieu of bills of lading not available at time of giving disposition orders.

Practically no action by this department was required in 1921 respecting transportation service and car supply, but greater activity was necessary in matters of rate adjustments than in any other recent year.

XXX

Where the tendency of rates is downward, as at present, the accomplishment of rate equalization of markets is more difficult than during periods of rate advances such as occurred since 1914. Therefore, in order to keep Chicago on its proper rate equality, resort to more frequent litigation will doubtless be necessary.

Respectfully submitted,

J. S. BROWN,

Manager.

REPORT OF GRAIN COMMITTEE—YEAR 1921

ADOLPH GERSTENBERG, Chairman

CHICAGO, January 10, 1922.

HONORABLE BOARD OF DIRECTORS OF THE
BOARD OF TRADE OF THE CITY OF CHICAGO,

GENTLEMEN:

Your Committee presents the report of the Grain Sampling and Seed Inspection Department for the year.

We are pleased to report that the work has been done well. The responsibility in sampling and testing is steadily increasing, as the requirements under the Federal grades act covering grading makes such necessary. The facilities for doing such work are the best obtainable. The charges for doing this service were reduced during the year.

Federal hearings and meetings have all been attended.

The Chief Sampler, Mr. James A. Noble, has proved himself eminently qualified for the work.

GRAIN COMMITTEE

ADOLPH GERSTENBERG,

Chairman.

CLEANING CARS

To insure cleanly swept cars, we have maintained what we term "a surprise after car sweeping force," which goes from plant to plant, making after sweeping tests. Wherever these tests disclose any evidence of carelessness in the cleaning out of cars, the matter is handled for correction. The cars reswept showed an average of 9.87 lbs. of grain residue. As to what constitutes a cleanly swept car, the "Weighmasters' Scalemen's Conference" has appointed a committee to investigate the matter, and to recommend, in the interests of greater uniformity in the cleaning out of cars, a "sweeping tolerance" based thereon; such tolerance to govern the amount of grain residue that can be left in a car that is properly swept. Such findings should prove of assistance to all concerned.

During the Chicago Pageant of Progress and the International Grain and Hay Show in connection with the International Live Stock Exposition, we maintained, as part of the Board of Trade Exhibit, a free weighing service for those desirous of being weighed—this service included a certificate of weight to each person. Altogether we weighed sixty-five thousand persons at the Pageant of Progress and twelve thousand persons at the International Grain and Hay Show, a total of seventy-seven thousand people.

Respectfully submitted,
H. A. FOSS,
Weighmaster and Custodian.

REPORT OF REAL ESTATE COMMITTEE

CHICAGO, January 9, 1922.

TO THE BOARD OF DIRECTORS OF THE
BOARD OF TRADE OF THE CITY OF CHICAGO
GENTLEMEN:

The Real Estate Committee is pleased to report all offices in the building have been rented during 1921.

The gross returns from rentals are larger than the previous year. This increase, however, is absorbed by an advance in taxes leaving the net returns practically the same as the year 1920.

Only such repairs as were absolutely necessary have been made. The committee, however, thought it advisable to add a new boiler to our equipment and also to install new plumbing in our Exchange Hall toilet room. Work in both cases has been practically completed.

Respectfully,

LOUIS C. BROSSEAU,
Chairman, Real Estate Committee.

To arrive
grain.

"Sec. 32. All wheat, corn, oats and rye purchased subject to Chicago Board of Trade weights or Chicago inspection, by a member or members of this Association, at points outside of Chicago, for shipment to this market (the term "this market" as used herein, including all places where Chicago inspection or weighing prevail) shall carry, in addition to all other charges prescribed by the rules of this Association, a charge of one per cent on wheat, corn, rye and oats, except when the same amounts to less than $1\frac{1}{2}c$ per bushel on wheat and rye, $1c$ per bushel on corn and $\frac{3}{4}c$ per bushel on oats, in which case $1\frac{1}{2}c$ per bushel on wheat and rye, $1c$ per bushel on corn and $\frac{3}{4}c$ per bushel on oats shall be the minimum charge in case the purchase is made from a non-member. On purchases made from a member, a minimum of $\frac{3}{4}$ of one per cent on wheat, corn, oats and rye shall be charged unless same amounts to less than $1c$ per bushel on wheat and rye, $\frac{3}{4}c$ per bushel on corn, and $\frac{1}{2}c$ per bushel on oats, in which case $1c$ per bushel on wheat and rye, $\frac{3}{4}c$ per bushel on corn and $\frac{1}{2}c$ per bushel on oats shall be the minimum charge.

When the charges are made on a percentage basis they shall be reduced to the greatest fraction that is a multiple of one-eighth. In computing this charge all fractions of less than one-eighth shall be ignored. These charges are established to cover all incidental expenses incurred in handling and financing such grain at this market, and accordingly this rule shall not be applicable to such grain purchased from a member of this Association, in business at Chicago, who finances and attends to the arrival, the delivery, the collection and accounting

of and for such grain. In order to facilitate the transaction of all business governed by this rule, the Board of Directors shall establish and maintain during a part or the whole of each day upon which the exchange is open for business, a place where buyers and sellers of wheat, corn, oats and rye to arrive may gather and freely buy or sell or offer to buy or sell the various commodities traded in thereon. The Board of Directors are further empowered to establish all necessary and proper regulations governing the terms and conditions upon which said trading shall be conducted both during and after the close of such market. After the close of the regular market, any member, upon proper record being made of the same, may purchase or offer to purchase, wheat, corn, oats or rye for shipment to this market at any price said member may see fit to bid, provided such bid shall allow the aforesaid charges. Such purchases shall be deemed to be subject to such Internal Revenue or other Government tax, if any, as may be incurred on the property by the buyer.

The intent of this rule is that all sales of wheat, corn, oats or rye made in accordance therewith shall be filled by the delivery of grain billed direct from the country point of origin to the seller at this market. Whenever the seller of such grain, prior to its arrival in Chicago, shall furnish to the buyer thereof the number of the car, or cars, containing said grain, the grade established by the State Inspection Department of Illinois shall be final between the seller and buyer at this market. In case the seller shall neglect or refuse to supply said information to the buyer prior to the arrival of the grain at this market, then the buyer upon delivery thereof shall have the right to appeal from the decision of said Inspection Department to the Grain Committee of this Association.

This rule has been enacted to secure a broad, open and competitive market for the commodities traded therein, and any member of this Association transacting business in his own name, or firm, one at least of whose partners is a member of this Association, or corporation, one at least of whose executive officers is a member of this Association, who shall willfully purchase or offer to purchase any such grain for shipment to this market on a basis which shall not allow the aforesaid charges, shall, upon conviction, be subject to such discipline as the Board of Directors may elect to impose.

SEC. 33. The employment by members of all persons soliciting Solicitors. orders for the purchase or sale of property for future delivery upon this Exchange, or for the purchase or sale of property to be shipped to this market, or, for the consignment of property to this market for the purpose of sale, or, for the disposition in any manner of property dealt in upon this Exchange, shall be in accordance with regulations established and promulgated by the Board of Directors. All persons soliciting the business above described shall be divided into two classes first, "Solicitors," second "Brokers." Solicitors, whether members of this Association or not, shall include all persons who give their entire time and services to one employer at a fixed salary. A broker under this rule must be a member of this Association who solicits purchases of grain at points outside of Chicago for shipment to this market. A non-member of this Association may be employed as a solicitor only, and not as a broker, whereas a member of this Association may either be a solicitor or a broker, but having elected to act in one capacity, he shall not be permitted at the same time to act in the

other. All solicitors, whether members or not, shall be employed by but one employer at the same time and shall receive for their services no other compensation whatsoever than a fixed salary which shall not be changed oftener than once in six months. A broker under this rule shall be entitled to receive on all grain purchased for the principal a compensation of one-eighth ($\frac{1}{8}$) of one (1) cent per bushel and none other. "Provided, however, that when the selling prices at Chicago are above \$1.50 per bushel for wheat, \$1.25 per bushel for corn and rye, \$1.00 per bushel for barley, and 75 cents per bushel for oats, he shall receive $\frac{1}{4}$ of one cent per bushel for wheat, corn, rye and barley, and $\frac{1}{6}$ of one cent per bushel for oats." This compensation, however, shall not apply on grain purchased from an individual, firm or corporation in the business of which the broker has any financial interest whatsoever, or from which he receives any compensation in the way of salary or otherwise, or upon grain shipped to this market upon consignment. No individual, firm or corporation enjoying membership privileges in this Association shall employ any person as such solicitor until such solicitor shall have been approved by the Membership Committee, nor continue such employment after having been directed by said Committee to terminate said employment. Provided, however, that a member-employer shall have the right of appeal from any such decision of the Membership Committee to the Board of Directors.

A member may solicit consignments to this market from non-members and receive as compensation for such service one-eighth of one cent per bushel, "provided, however, that when the selling prices at Chicago are above \$1.50 per bushel for wheat, \$1.25 per bushel for corn and rye, \$1.00 per bushel for barley, and 75 cents per bushel for oats, he shall receive $\frac{1}{4}$ of one cent per bushel for wheat, corn, rye and barley, and $\frac{1}{6}$ of one cent per bushel for oats, and further" provided that he first file with the Membership Committee an application to be registered as a commission-participating solicitor, stating therein the member, firm or corporation for whom he will solicit: provided further, that such registration can not be for more than one member, firm or corporation at one time; provided further, that such participation shall not be permissible until the non-member consignor shall have notified in writing, on each shipment, the member, firm or corporation that such consignments are at the solicitation of the member so registered; nor shall it be permissible to solicit under this provision business from firms in which such soliciting member has any interest, or to solicit business from a member.

The broad intent of this rule is to give to members all the rights, privileges and preferences which membership in the Association justly and reasonably accord, and this rule shall be liberally construed at all times so as to effectuate this object.

When any member, firm or corporation, transacting business in their own name, is convicted by the Board of Directors of a violation of this rule, or any regulation thereunder, such member, or the members of such firm, or the officers or managers of such corporation, shall be subject to such discipline under the rules as the Board of Directors, in its discretion, shall impose.

SEC. 34. Whenever it shall appear to the Board of Directors ^{Control over} that any member has formed a partnership with one or more persons, ~~co-partnership.~~ not members of this Association, and that thereby the interest and good repute of this Association may suffer, the Board of Directors may, after investigating the facts of the case, require said member to withdraw from such partnership; and if he shall fail to do so within a reasonable time to be fixed by the Board of Directors, he shall be suspended from all the privileges of this Association until he shall have severed his connection with such partnership.

SEC. 35. The Board of Directors is empowered to organize a department to be designated "Car Inspection Department of the Board of Trade of the City of Chicago"; to fix the fee for such service, and also to appoint the necessary officers and employees in connection therewith; to specify the duties to be performed in the management of said department, and to establish such regulations for the conduct and government of said department as, in the judgment of the Board of Directors, shall best promote its efficiency.

It is hereby provided that such deposits shall not be made with any bank or banks to which the party calling for the said security shall expressly object at the time of making such "call;" but in such case the deposit shall be made with some duly authorized bank not thus objected to, or with the Treasurer of the Association, as the depositor shall elect.

All deposits so made shall be held to have been made as security for the faithful fulfillment of any contracts made or to be made between the parties during the time the deposit shall remain unpaid; *provided*, it shall be competent for either party to a contract to demand that the certificate shall express the particular contract upon which the deposit shall have been made, and in such case the deposit shall be applicable only to the settlement of that contract.

All notices for the call of deposits as security, or of the closing of contracts under this Rule, may be served on the party called, either in person or by leaving a written notice at his place of business, or may be served in person upon his authorized representative, or upon any clerk representing the party on 'Change; and in case the party called upon shall not be known to have a regular place of business, a written notice left in the office of the Secretary of the Board shall be deemed sufficient.

SEC. 6. Upon the fulfillment or settlement of any contract, or upon the closing of any contract under the provisions of Section 5 of this Rule, deposits upon which have been made, and when the full adjustment of all differences relating to the same shall have been effected, the deposits shall thereupon be payable to the party depositing the same; and the joint indorsement of both parties upon the certificate shall be a sufficient authority to the party holding the deposit to pay the same to the holder of the certificate; or in case of a failure between the contracting parties to adjust and settle their respective claims upon the deposit within three (3) business days after the maturity of all contracts upon which the deposit is applicable, the matter in dispute shall, upon the application of either party to such contracts, be submitted to a select committee of three disinterested persons, members of the Association, to be appointed by the President, which committee shall, without unnecessary delay, summon the parties before them, and hear such evidence under oath as either may wish to submit touching their claims to the deposit, and shall by a majority vote decide, and report to the President of the Board, in writing, in what manner and to whom the deposit is payable, either wholly or in part, whereupon the President shall indorse on either the original or duplicate certificate an order for the payment of such deposits in accordance with the decision of said committee, and such order shall be a sufficient warrant to the party holding the deposit to pay the same in accordance with such order. In case any member neglects or refuses to indorse a certificate of deposit to the party entitled to receive the money thereupon when all contracts upon which the deposit is applicable are settled, and all money due upon such contracts has been paid, he shall be liable to a penalty of one per cent. per day on the amount of such certificates, for every day such refusal or neglect is continued; and for refusal to promptly pay such penalty, the party may, upon due complaint, be suspended from all privileges of the Board until the same is paid. In case it should occur that by reason of changes in the market, or of delivery upon, or the settlement of a portion of the contracts upon which security has been deposited and to which such security is properly applicable under this Rule, that a larger sum remains on deposit than is contemplated by Section 1 of this Rule upon then existing unadjusted contracts between the parties, and either party to such contract should refuse to release such excess of deposit, the President of the Board is authorized, upon a representation of the facts and admission or proof that such excess ought to be released, to order such release and payment to be made to the party to whom it rightfully belongs, by the indorsement of an order to that effect on either the original or duplicate certificate or certificates issued for such deposits; *provided*, in case of such disagreement no surrender of the deposit shall be ordered pending any arbitration touching the rights of the parties under the said contract or contracts, or in case the party refusing to adjust the dispute shall signify his willingness to submit the matter to arbitration.

enter in the determination of its value, shall be considered irrespective of any fictitious price it may at the time be selling for in this market. Such value, for the purposes of this Rule, in case of disagreement, shall be determined by the Board of Directors, and communicated to the parties in interest through the President or Secretary.

SEC. 8. On to arrive grain contracts of thirty days or more, buyers shall have the right to require of non-resident sellers as security to be deposited with the buyer, a deposit of ten per cent., based upon the contract price of the property bought, and further security, from time to time, to the extent of any advance in the market value above said price.

Deposits so made shall be released on the performance of the contract, or before in the discretion of the buyer, or may be held in whole or in part in conformity with the requirements of this section, applicable to any other contracts between the principals.

Failure to deposit security, as required by this section, within two business days, shall entitle the buyer to elect to declare any or all contracts covered by such call, canceled, or to re-buy on the open market an equal quantity of the commodity covered by the contract, and the buyer shall at once notify the seller of such action.

Disputes arising from security calls, deposits or release of them may be referred to the To-Arrive Grain Committee and its decision shall be binding on both principals.

RULE XXI.

REGULAR DELIVERIES.

Tender of
warehouse
receipts.

Requirements
for regular
warehouses.

Rates of
storage.

Bond,
sufficiency of.

SECTION 1. All deliveries upon contracts for grain or flax seed, unless otherwise expressly provided, shall be made by tender of regular warehouse receipts, which receipts shall have been registered by an officer duly appointed for that purpose. All such warehouse receipts shall be made to run five days from date of delivery on regular or customary storage charges, which regular or customary charges shall follow such warehouse receipts and be chargeable upon the property covered by the same, and shall be issued by such houses as have complied with the Rules of the Board of Trade and the Regulations and Requirements of the Board of Directors, and have been declared regular warehouses for the storage of grain or flax seed by said Board of Directors; and it shall be the duty of the Board of Directors, prior to the first day of July in each year, to inspect all warehouses, the proprietors or managers of which shall apply to have their receipts declared regular for delivery on contracts under the Rules of the Board of Trade, and no warehouse shall be declared a regular warehouse unless it is conveniently approachable by vessels of ordinary draft and has customary shipping facilities, and unless the storage rates on all grain or flax seed in such warehouses in bulk and in good condition, shall not be in excess of one and one-quarter ($1\frac{1}{4}$) cents per bushel for the first ten days or part thereof, and one-twentieth (1-20) of one cent per bushel for each additional day thereafter so long as such grain or flax seed remains in good condition, and unless the proprietors or managers of such warehouse are in good financial standing and credit, and are carrying on and intend to continue to carry on the legitimate business of public warehousemen under the laws of the State of Illinois and in accordance with the Rules of the Board of Trade of the City of Chicago and the Regulations and Requirements of the Board of Directors and until the proprietors or managers of such warehouse shall file a bond with sufficient sureties in such sum and subject to such conditions as may be deemed necessary by the Board of Directors, under the Rules of the Board of Trade and the Regulations and Requirements of the Board of Directors in reference to warehouses.

Whenever application shall be made by the proprietors or managers of any warehouse to have the same declared a regular warehouse for the storage of grain and flax seed under the provisions of this Rule (except in cases of renewal on the first day of July in each year, as hereinbefore provided) any grain or flax seed that may be contained in said warehouse at the time of such application, shall be required to be removed from said warehouse, when after it shall have been graded and inspected according to its quality and condition then existing by the duly constituted authorities, such grain or flax seed may then again be received into said warehouse and receipts issued therefor shall be registered and dated upon the day when such grain or flax seed is again actually received into said warehouse.

Requirements for removal of grain from warehouses applied to be regular.

The chief inspector of grain of the State of Illinois may, upon request of the Board of Directors of the Board of Trade, appoint a supervising inspector who shall so supervise the storage and distribution of grain and of flax seed in such warehouse that no discrimination or selection can be made in the quality or grade of grain or flax seed in the delivery of such grain or flax seed.

Supervising inspector.

Warehouse receipts issued by warehouses so declared regular by the Board of Directors shall be regular for delivery on contracts under the Rules of the Board of Trade so long as the said warehouse shall continue to be a regular warehouse, but the term for which any warehouse is declared a regular warehouse to issue such receipts shall be limited to and expire on the first day of July in each year. No receipts issued on grain received in any warehouse shall be regular for delivery under the Rules of the Board of Trade after that date unless the warehouse upon which it has been issued has again been declared a regular warehouse by the Board of Directors; *provided*, however, that receipts issued before the first day of July by warehouses which have been regular warehouses during the preceding year, but which have not been declared regular for the succeeding year, shall be regular for delivery upon such contracts for six months after the first day of July; but nothing contained herein shall prevent the Board of Directors from declaring any warehouse, or the receipts thereof, irregular at any time for violation or non-compliance with the laws of the State of Illinois or any of the Rules of the Board of Trade or of the Regulations and Requirements of the Board of Directors.

Warehouse receipts.

Term of regular warehouse.

Life of warehouse receipts.

Provided, that the Board of Directors shall have power, when in their judgment an emergency exists requiring more storage room than can be supplied by the regular elevator warehouses, or because of an inability to obtain insurance on grain stored therein, to declare any storehouses, vessels, or places suitable for the storage of grain or flax seed within the Chicago Switching District—wherein the cost of delivery to vessels or railroad cars shall not be greater than such as is made by the regular elevators for the same service—to be regular places for the storage of grain deliverable under the Rules of the Board of Trade.

Emergency clause.

And *provided further*, that in case it shall happen that at any time there shall be no warehouses which shall be regular warehouses for the storage of grain and flax seed, then the Board of Directors may declare any warehouses suitable for the storage of grain or flax seed, whose aggregate capacity shall not exceed twenty-five million (25,000,000) bushels, regular warehouses for the storage of grain or flax seed, upon such terms and for such period as the Board of Directors in its discretion may deem necessary or proper, and the warehouse receipts issued by warehouses so declared regular under this proviso, shall be regular for delivery on contracts under the Rules of the Board of Trade, in the same manner as if issued by warehouses declared regular under the foregoing provisions of this section in regard to declaring warehouses regular for the term ending on the first day of July in each year.

Limitations of aggregate capacity of warehouses made regular under emergency

All complaints against elevator proprietors under this section shall be heard and decided by the Board of Directors of the Board of Trade of the City of Chicago.

On and after January 1st, 1915, grain in cars, including that graded "subject to approval," shall be deemed a valid tender on contracts during the last three business days of any month, under the provisions of the rules pertaining to the delivery of warehouse receipts—the railroad receipt issued against same evidencing ownership serving to convey the title to the grain, same as warehouse receipts issued against grain in warehouses—when conforming to the following requirements:

A. When within the Chicago Switching District; or, if arriving from outside of the same, when it has reached the railroad yards, where samples are taken by the Illinois State Grain Inspection Department, and when billed to an elevator the receipts of which are regular on delivery; provided nevertheless, that grain so delivered shall be unloaded into the elevator to which it is billed before the delivery shall be deemed complete, and bills for grain so tendered shall not be due and payable until the elevator receipt covering same shall have been delivered to the buyer. Provided further, that deliveries under this rule may be diverted by the buyer from unloading at a regular warehouse to any other unloading where the same will be weighed by the Weighing Department of this Association, by paying for the property before diversion.

B. When the grade of such grain tendered is evidenced as being a proper grade under the rules for tender, by a certificate of inspection of the Illinois State Grain Inspection Department showing the inspection to have been made during the last three business days of same month, which grade the seller shall be deemed as guaranteeing to the buyer to remain such until the buyer has had a reasonable time to unload; provided, that tenders of grain loaded from elevators within the Chicago Switching District shall, in addition to the Illinois State Grain Inspection Department certificate, have a certificate of approval of its quality by the Grain Sampling Department of this Board based on examination made during last three days of the month. Provided, that if the grade of grain in cars inspected is, on reinspection, or on appeal, lowered by the Illinois State Grain Inspection Department, such change of the grade shall not invalidate any deliveries on contracts of grain made before the grade has been so changed; and the adjustment of any damages sustained by the holder of the grain at the time such change in grade is known to the holder shall then be determined on the basis of the market price of the day of delivery and shall become at once due and payable.

C. When covered by a duly authorized "order" railroad receipt showing the grain to be billed to a regular elevator properly endorsed to convey title thereto. The delivery notice shall describe the railroad receipt in its essential features (date, issuing railroad, car number with name or initial and weight of contents), and shall be the basis of computing and determining all items chargeable to the property tendered same as storage charges against warehouse receipts. Provided, that in the event of all regular storage in the City of Chicago being filled, or for any reason unobtainable, and sellers being unable to procure railroad receipts covering consignments of cars to regular elevators, delivery of original bills of lading or railroad receipts issued therefor, the same not showing consignment to any elevator, shall be deemed a valid tender on contracts.

D. When the quantity so delivered is evidenced by weight certificates of the Weighing Department of this Association; or, if evidenced by weight certificate other than above; or, if the weight be estimated on the basis of the rated capacity of the car, such other weight certificate, or such estimated weight, shall be deemed to be

guaranteed by the seller to the buyer; and any excess over such weight so evidenced, at time of unloading, if then weighed by the Weighing Department of this Association, shall be settled for at the current market value on the day such variation is known to both parties, and any recess from such estimated weight shall be settled for at the current market value on the day of delivery. The weight of all carlots so delivered and finally unloaded at any elevator, the receipts of which are regular on delivery, shall be deemed the final weights on which settlement is made.

E. At any time when, in the judgment of the Board of Directors, an emergency exists, grain in cars shall be deemed a valid tender on contracts, on any business day of any month, when the grade of such grain tendered is evidenced as being a proper grade under the rules for tender, by a certificate of inspection of the Illinois State Grain Inspection Department showing the inspection to have been made during the preceding seventy-two hours, and when conforming to the other requirements of Paragraphs A, B, C and D of this Section, except that any excess or shortage in weights at time of unloading, if then weighed by the Weighing Department of this Association, shall be settled for at the current market value on day such variation is known to both parties.

SEC. 2. All deliveries of grain, flaxseed, mess pork, lard, d. s. short ribs, d. s. extra short clears or s. p. hams, in store on time contracts, shall conform to the following rules and be consummated in the following manner: Deliveries,
when and
where made.

Delivery must be made in the exchange hall, or such other place as the Board of Directors may designate. Hours for delivery, 8:30 o'clock to 9:15 o'clock A. M. on each and every business day. 1:30 o'clock to 2:00 o'clock P. M. on the last business day of each month, provided that when such final delivery day falls on a 12:00 o'clock adjournment, the hour shall be 12:30 o'clock to 1:00 o'clock P. M. All members having property due them shall be present, or shall be represented by an authorized employe and admission to the delivery room shall be denied all members after 8:30 o'clock A. M., 1:30 o'clock P. M., or 12:30 o'clock P. M. as the case may be. Any property that cannot be delivered owing to the absence of the buyer from the delivery room, may be sold out by the member having same sold to such absentee, as hereinafter provided in cases of default; all expenses and risk of carrying the property and a commission shall be paid by the absentee, the same as in the case of default; provided, however, such property shall not be

sold until the absentee has had notice in writing, either delivered to him in person, to his business representative, at his place of business, or left at the Secretary's office in case he has no regular place of business, that the property was ready for delivery under this rule. In case it should appear on complaint duly made to the Board of Directors that any member has been guilty of issuing a notice of readiness to deliver property as herein provided, who had not the property mentioned in such notice, in his control or possession at the time of issuing such notice, or, having issued such notice, shall thereafter dispose of the property, except as herein provided, or who refuses to deliver up such property when demanded, as provided for under this rule, such member shall be deemed guilty of gross fraud, and shall be suspended or expelled from membership in this Association, under the provisions of Rule IV.

Form of notice shall be in writing and give on its face the name and business address of its issuer. It shall give in detail the warehouse receipts to be delivered and in case of provisions, the packer's brand and the contract price on which delivery is being made. Also, the net cash value of said property at market price, such price to be posted by the Secretary in a suitable place immediately after the close, and applicable to the morning deliveries, and at a stated hour on the last business day of each month such market prices applicable to the afternoon deliveries.

A delivery notice may be passed from one purchaser to another during these hours of delivery by endorsement thereon by the seller, of the name of the buyer to whom it is being delivered, together with the contract price and the time of delivery, and the first delivery shall be made not later than five minutes after the opening delivery hour and anyone holding a delivery notice longer than five minutes during the delivering hours, as shown by the endorsement on the notice, shall not be permitted to deliver it.

Anyone who endorses on a delivery notice a name other than that of the one to whom he tenders the notice upon a bona fide sale of the property mentioned therein, or makes any alteration thereon, or substitutes any property other than that named in the notice by the original issuer, shall be guilty of gross fraud, and, if a member, he shall be suspended or expelled, at the discretion of the Board of Directors; and, if a non-member, he shall be permanently excluded from the rooms of the Association. All delivery notices shall be consecutively

numbered by the members issuing them. Notices of readiness to deliver property as herein provided, and all subsequent transfers of such notices, shall be deemed and held to be a valid and sufficient tender of property, on time contracts, under the rules of this Board of Trade, provided the property is actually delivered, or is shown to have been ready for delivery, in the manner and upon the terms herein provided.

Payment shall be by certified Chicago bank check, or other satisfactory consideration for the net amount due for the property represented by the delivery notice, and upon tendering the delivery notice with such payment at the office of the issuer, the holder of the notice shall be entitled to receive the property represented thereon.

The compulsory limitation of time for payment shall be on morning deliveries before 11:00 o'clock A. M. of the same day and on afternoon deliveries before 10:00 o'clock A. M. of the next business day, provided, however, that on such afternoon deliveries there shall not be added anything additional for interest or insurance and nothing deducted for additional storage for the period of time between the delivery and the actual payment.

In case property represented by a delivery notice is not called and paid for as herein provided, it may be held by the issuer of the notice, for and at the expense and risk of the member whom it may concern, until 12:30 o'clock P. M. of the same day on the morning deliveries and 12:00 o'clock M of the next business day on afternoon deliveries, at which time it shall be sold in open market for account of whom it may concern; or, it may be sold, if on morning delivery at any time between 12:30 o'clock P. M. of that day and 12:00 o'clock M of the next business day, and, if on afternoon delivery, at any time between the beginning of trading hours and 12:00 o'clock M of the next business day. The member holding the property shall, however, notify the member to whom he delivered the original delivery notice, before 2:00 o'clock P. M. of the same day of the default, if on the morning delivery, or before 4:00 o'clock P. M. of the same day on afternoon delivery; such notice of default to be in writing, and each purchaser receiving it, shall deliver the same without delay, to the member to whom he passed the original notice of proposed delivery. All expense and risk of carrying property defaulted on, including a commission of one-quarter of one cent per bushel on grain, and one-quarter of one per cent on the market value of provisions, shall be payable to the member required to make

resale, by the member to whom he had the property sold, he to be reimbursed by the member to whom he delivered the notice and consecutively until it is finally paid by the member in default. In case of such default and resale of property all differences shall be adjusted on the basis of the price at which the property has been resold.

All differences due from or to members to such delivery, shall be paid upon the basis of a full delivery, and no more, and each purchaser receiving notice of delivery, shall be responsible to the seller from whom the notice was received for the difference between the price actually paid for the property and their contract price. All such differences shall be due and payable immediately upon the delivery and payment for the actual property; it being the duty of each member transferring the delivery notice to ascertain what price was actually paid for the property.

On the last business day of each month, a member having grain bought in 1,000 bushel lots and sold in 5,000 bushel lots may deliver five one thousand bushel lots on a 5,000 bushel lot contract not later than five minutes after having received the last 1,000 bushel lot delivery notice, by attaching the five notices firmly to each other and making the usual endorsement upon the last notice as hereinbefore provided.

The Secretary of the Board, or any person acting under his direction, shall have the power to extend the time for such afternoon deliveries from 2:00 o'clock P. M. (if on a 12 o'clock adjournment day, from 1:00 o'clock P. M.), as often and to such time during that day as in his judgment it may be necessary to enable all, who are prepared to do so, to tender or receive delivery notices. When any extension of time is made under this proviso, it shall be announced in the Exchange Hall, or in such other place as may be designated by the Board of Directors for the purpose of making deliveries, on or before the expiration of the time hereinbefore stated for the termination of such deliveries; in the event of the extension of the time for deliveries as herein provided, wherever the time stated in this rule would be affected by such extension, such time shall in all cases be correspondingly extended.

It is the object and intent of this Section that all contracts for the purchase and for the sale of commodities mentioned therein shall be carried out in absolute good faith, it being expressly understood that

in construing this Section its purely technical provisions—the principal purpose of which is to facilitate deliveries—must not be used as a pretext to evade the obligations of a contract. Any violation, however, of any of the provisions of this Section with intent to thwart or impede deliveries shall be deemed dishonorable conduct under the provisions of Section 9 of Rule IV of the Rules of the Board of Trade of the City of Chicago.

SEC. 3. The Board of Directors may prescribe all necessary regulations and requirements for warehousing all **kinds of property** (other than grain) deliverable by warehouse receipts. Directors may prescribe other warehouse regulations.

SEC. 4. It shall be the duty of the Board of Directors, under this Rule, to publish annually, or oftener if necessary, by posting on the bulletin of the Exchange, the names of all elevators and other warehouses conforming in all respects to prescribed requirements of said Board; and to report immediately to the Association, by posting as above, any irregularity in the management of such elevators or warehouses, or any fact calculated to discredit or impair the value of warehouse receipts of any such elevators or warehouses, as the same shall come to their knowledge. Posting elevators and warehouses. Posting irregularities.

SEC. 5. All warehouse receipts for property tendered or delivered on contracts shall be for quantities or parcels, in the aggregate, as sold; accompanied by a memorandum of the property delivered, with the price of the same, together with the amount due therefor; provided, that on all time contracts of five thousand (5,000) bushels of grain or flaxseed, or any multiple thereof, deliveries shall be made in lots of five thousand (5,000) bushels; and on all time contracts for mess pork, for two hundred and fifty (250) packages, or multiples thereof, deliveries shall be made in lots of two hundred and fifty (250) packages; and on all time contracts for fifty thousand (50,000) pounds of lard, or any multiple thereof, deliveries shall be made in lots of fifty thousand (50,000) pounds (contained in 136 tierces); and on all time contracts for fifty thousand (50,000) pounds of meats, or any multiple thereof, deliveries shall be made in lots of fifty thousand (50,000) pounds; and on all time contracts for one thousand (1,000) bushels of grain or flaxseed, or any multiple thereof, except as provided above, deliveries shall be made in lots of one thousand (1,000) bushels; and on all time contracts for mess pork, sweet pickled hams, or lard, for fifty (50) packages, or any multiple thereof, except as provided above, deliveries shall be made Warehouse receipts.

Excess or
deficit.

in lots of fifty (50) packages; and on all time contracts for twenty-five thousand (25,000) pounds of meats, or any multiple thereof, except as provided above, deliveries shall be made in lots of twenty-five thousand (25,000) pounds; a variation, however, of one per cent in the quantity of grain and flaxseed delivered, and that contracted for, shall not vitiate a tender or delivery. Any excess or deficit within the above limits shall be settled for at the current market upon the day of delivery.

No individual, firm or corporation shall make tender upon contracts for grain or flaxseed, as hereinbefore provided, until such grain or flaxseed is covered by insurance, issued by the Underwriters Grain Association of Chicago, for at least eighty-five per cent of its market value, such insurance to cover purchaser until 12 o'clock noon of the next business day after the day of delivery; and if purchaser is unable by 12 o'clock noon of next business day after day of delivery to obtain through the ordinary insurance channels his insurance to the extent of 85 per cent of the market value of the property, he then, prior to that time, may call on the party making the delivery. Such party must then furnish the insurance.

FAILURE TO DELIVER OR RECEIVE ON CONTRACTS.

SECTION 1. In case any property contracted for future delivery is not delivered at maturity of contract, the President shall appoint a committee of three from the membership at large, to be approved by the Board of Directors, which Committee shall determine as nearly as possible the true commercial value of the commodity in question on the day of the maturity of the contract, and the price so established shall be the basis upon which settlement is made.

It shall be the duty of the Committee in determining the true commercial value of the commodity under this Rule, to ascertain its value in other established markets, or for manufacturing or consumptive purposes, in this country, together with such other facts as may justly enter into the determination of its value.

As liquidated damage the seller shall pay to the purchaser not less than one percent nor more than ten percent of the value of the commodity as established by the Committee; the percentage, within said limits, to be such as, in the judgment of the Committee, may be just and equitable.

Settlement shall be made without delay, and the damage as determined under the provisions of this Section, shall be immediately due and payable.

This section shall not be construed as applying to any parties having the property both bought and sold, in all of which cases settlement shall be made on basis of prices established by the contracts in such instances.

SEC. 2. In case any property contracted for future delivery is not received and paid for when properly tendered, it shall be the duty of the seller, in order to establish any claim on the purchaser, to sell it on the market at any time during the next twenty-four hours, at his discretion, after such default shall have been made, notifying the purchaser within one hour of such sale; and any loss resulting to the seller shall be paid by the party in default.

SEC. 3. The Board of Directors, during the continuance of any war to which the United States shall be a party, shall have power from time to time to thereafter prohibit, until further action of the Board and notice thereof, trading for present or future delivery in any or all of the commodities traded in on its exchange, or such trading for delivery in any particular month, including trading in settlement of any then existing future contracts. Whenever such trading for future delivery shall have been so prohibited, the Board of Directors shall appoint a committee of three from the membership at large, which committee shall fix, as of the day immediately preceding the first day on which said future trading shall have been prohibited, a fair and reasonable price at which existing contracts shall be settled, and the price so established shall, without the payment of any penalty, be the basis on which such settlements of such contracts for future delivery shall be made. The Board of Directors, whenever the public welfare, or the best interests of the Association in its judgment seem so to require, shall have power to suspend, during the continuance of any war to which the United States shall be a party, the operation of any rule of the exchange, and also to fix a maximum price for any commodity dealt in on its exchange, above which price no member shall thereafter and during the maintenance of said maximum price, be permitted to make a trade in such commodity.

Any action of the Board of Directors under this Section shall be binding on all members of the Association, from and after the hour when the same shall be posted on the bulletin board in the exchange room.

Any member making a trade, or refusing to make a settlement, or doing any act in violation of this Section, shall be deemed to have been guilty of a grave offense involving the good name of this Association, and shall be liable to punishment as provided in Section 18 of Rule IV.

RULE XXIII-A

Section 2. No member shall disseminate any false, misleading, or inaccurate report concerning crop or market information or conditions that affect or tend to affect the price of commodities, and any member who shall knowingly or carelessly disseminate such report shall be suspended by the Board of Directors from all privileges of membership for such period as the gravity of the offense committed may warrant.

Section 3. No member shall attempt to manipulate prices of commodities, or corner or attempt to corner any grain, and any member who shall knowingly or intentionally violate the provisions of this Section shall be suspended by the Board of Directors from all privileges of membership for such period as the gravity of the offense committed may warrant.

Section 4. The Board of Directors is authorized to take such other steps as may be necessary or advisable to make effective subdivisions (c) and (d) of Section 5 of The Future Trading Act.

Section 5. Any member who, under sub-clause (b) of Section 6 of said Future Trading Act, shall be deprived of the privilege of trading in contract markets, shall be suspended from all privileges of trading on the exchange of this Association for such period as may be specified in the order of the Secretary of Agriculture against such member.

Any member who shall accept, or execute, an order from any person who shall have been deprived of the privilege of trading in contract markets, shall be suspended from all privileges of membership in this Association for such time as the Directors, in their discretion, shall determine.

I.

Flour
in sacks,
requirements.

The Committee on Flour Inspection recommend to millers and shippers of flour the following requirements of standard sacks:

NO. 140—JUTE EXPORT SACKS

Shall be from the best material, double stitched, not using less than an equivalent to 40x49 inch mangled or craped finished material, weighing not less than 12 ounces per yard of 40 inches in width, or 15 ounces for the complete bag. If from starched or sized material the complete bag should not weigh less than 16 ounces.

NO. 280—JUTE EXPORT SACKS

Shall be from the best material, double stitched, not using less than an equivalent to 50x63 inch mangled or craped finished material, weighing not less than 15 ounces per yard of 50 inches in width, or 25 ounces for the complete bag. If from starched or sized material, the complete bag should not weigh less than 26½ ounces.

Seamless jute sacks must be from same weight and quality of material, etc., but require 4 per cent less material, and may weigh 4 per cent less.

140 POUND COTTON EXPORT SACKS

(See Fig. 1.) This will allow the Inspector to insert the trier between the stitches without making holes in the cloth.

FIG. 1.

III.

The Committee on Flour Inspection further recommend to millers, shippers of flour, and railway agents, that in loading cars the following instructions be observed:

One hundred and forty pound sacks should be piled in two tiers lengthwise of the car, the mouths of sacks placed toward center of car (see Fig. 2), leaving the space between the tiers of sacks in the center of the car free and clear for the convenience of the Inspector.

The sacks of flour should be piled as follows: The sacks on the floor to be placed four inches from the side walls of car, and sacks so piled as to gradually incline to the walls of the car until the top rows press strongly against the said walls, as shown in Fig. 2.

FIG. 2.

Unless these recommendations be complied with the Inspector will charge for the labor necessary to put the flour in proper position for inspection.

Damage to
grain to be
reported.

Fifth. The proprietors or managers of such warehouses shall promptly, by the proper publication, advise the trade and the public of any damage to grain or flaxseed held in store by them, whenever such damage shall occur to an extent that will render them unwilling to purchase and withdraw from store, at their own cost, all such damaged grain.

Warehouses
may be
declared
no longer
"regular."

Sixth. Any important change in the conditions of any warehouse, or disregard or evasions of the above requirements, shall at any time be a sufficient cause for declaring any such warehouse no longer a regular warehouse within the meaning of the Rules of the Board of Trade.

Proprietors

of Illinois.

Seventh. The proprietors or managers of warehouses storing flaxseed are required to do so, subject to the provisions regarding grain of Sections 6, 7, 8, 9, 10, 11, 12, 16 and 17, of the law of the State of Illinois, entitled "An Act to Regulate Public Warehouses and the Warehousing and Inspection of Grain," etc., approved April 25, 1871.

The buyer to pay storage on the net weight covered by warehouse receipt. Adjustment of excess or deficit in delivery.

In the event that in final outturn there is a shortage in the gross quantity called for in the receipt the net quantity of grain or flaxseed required by the receipt shall be the factor in settlement, and any variation therefrom in the net amount of grain or flaxseed delivered against the receipt shall be paid for by the elevator or warehouse proprietor or manager to the owner of the receipt at market price on day of delivery.

Ninth. The proprietors or managers of such warehouses shall accord every facility to any duly authorized committee, for the examination of their books and records, for the purpose of ascertaining the stocks of all kinds of grain and flaxseed which may be on hand at any time. Such examination and verification shall be made at least twice each year, by the Warehouse Committee, or any other duly authorized committee to be appointed by the President, which committee shall have authority to employ experts to determine the quantity of grain in the elevators, and to compare the books and records of the said regular warehouses with the records of the State Grain Warehouse Registrar. Obligations of regular warehouses to have receipts and shipments weighed by Board of Trade Weighmaster.

Sixth. The charge for services rendered by this Department shall be uniform to all persons, firms and corporations, and shall not be changed without proper notice being given of the proposed change, such notice to be posted in a conspicuous place in the Exchange Room of the Board. This Department may charge a higher rate in special cases outside of the Chicago district, but in no case can it make any reduction from the established rates.

Seventh. Nothing in the foregoing regulations shall prevent the buyer or seller, or his representative, from personally examining any car or cargo of grain bought or sold under the Rules of the Board of Trade of the City of Chicago, but under no circumstances can a Board of Trade official certificate be given by the party thus examining; any unofficial party, or his employer, inspecting any car or cargo of grain shall not have the right of appeal to the Grain Committee, unless the grain has been loaded under the supervision of the Official Sampler of this Department.

Ninth. The Grain Committee shall arrange with the State Grain Inspection Department for the appointment of helpers whose duty shall be to secure samples of every lot of grain graded by the Department in Chicago, as far as practicable, whether such grading be in or out of elevators or track arrivals. The same facility shall be accorded to such helpers for the purpose of examining and sampling grain loaded into vessels or cars at any private elevator or cleaning house by the proprietors of such houses and their employes, as is now accorded to regular State Inspectors.

Tenth. Such helpers shall be required to give bonds. They shall be subject to control and discharge by the State Grain Department, exactly as are the Deputy Inspectors. They shall be appointed on recommendation of the Grain Committee. Their salaries shall be paid by the State Grain Department with money furnished if necessary by the Board of Trade. When not actively engaged in duties described by the State Grain Department they shall be subject to control and direction of the Chief Sampler in such work as he may require.

Eleventh. It shall be the duty of such helper to bring the samples of graded grain, secured as above, to the Chief Sampler's office daily, for use in examinations by Supervising Inspectors, the Appeal Committee and the Official Sampler. The identity of such samples shall be known, however, only to the State Department and to the Official Sampler.

Twelfth. Such samples shall be kept on file in the Chief Sampler's office a reasonable time, labeled, however, by grades and numbers which shall indicate their identity only to the State Department and the Official Sampler, and thus unidentified they shall be accessible to the public.

Thirteenth. It shall be one of the duties of the Official Sampler to thoroughly examine these samples daily, and in case any of them indicate improper grading, he shall, in case the Chief Inspector, the Supervising Inspectors or the Appeal Committee have not already taken up such improper grading for correction, call their attention to same, explaining in what way the inspection has been too lenient or too rigid.

Fourteenth. In case the Official Sampler or any other party at interest, *i. e.*, the buyer or the seller, should thus complain to the State Department and fail to have his complaint properly or favorably considered by the State Department, it shall be the duty of the Sampling or Grain Committee to listen to his complaint, and if it is in their judgment reasonable, the other parties at interest shall be notified, and the matter taken up by the Grain Committee with the State Department—all parties at interest being given an opportunity of being present at such hearing.

Fifteenth. In the examination of samples of grain inspected, a standard sample shall be used as a gauge, and in case of doubtful grain, which is very near the "line," a comparison shall be made with such standard sample, and in case of disputes calling for an appeal, final decision shall be rendered in accordance with such comparison.

Sixteenth. Standard samples above referred to shall be made up as early as possible at the beginning of each crop year, and approved by the State Inspection Department, Appeal and Sampling Committees and the Official Sampler—all working together to make up a fair and equitable standard.

Seventeenth. In cases where it is necessary for the Grain or Sampling Committee to take the question of moisture into account, rendering a chemical analysis necessary, this shall be made promptly.

Eighteenth. Nothing in the above shall be understood as giving the Grain Committee any privileges relative to the examination of samples or the knowledge of their identity other than those enjoyed by the public, excepting when complaint is made to them under the provisions of the above regulations, or when an appeal is taken as is provided in Section 18 of Rule 22, 2nd paragraph, in which case the examination shall be made at such time and place and after such notification as will give all parties at interest an opportunity of being present.

Nineteenth. In case it should not be feasible to obtain samples of track arrivals in the manner above outlined, owing to the volume of grain coming in, an arrangement may be made with Receivers' agents to work in conjunction with Inspectors to take an extra sample for file in the Chief Inspector's office as above outlined.

II.

Printed reports to show the net balances, as provided in General Rule No. XXII, Section 6, Paragraph 2, must be obtained at the Clearing House.

III.

Any person, firm or corporation, member of the Clearing House of the Board of Trade of the City of Chicago, whose report shows a balance against such person, firm or corporation, shall accompany his or its report with a check payable to the order of the Clearing House of the Board of Trade of the City of Chicago for such balance; such check, if not issued by the said Clearing House of the Board of Trade of the City of Chicago, if in excess of \$100, must be duly certified, under penalty of a fine of five dollars (\$5.00). Should payment on a certified check be stopped, the maker must immediately upon receiving official notice thereof, deposit with the said Clearing House of the Board of Trade of the City of Chicago another and acceptable check.

IV.

All reports must be in the Clearing House by 11:20 A. M. of each business day, under penalty of a fine of five dollars if tardy, and the posting of the delinquent party on 'Change at 12:00 M., except on days when the Exchange Room is closed at 12:00 o'clock M., when the names of delinquents shall be posted at 11:45 A. M. All reports deposited in the Clearing House after 11:25 A. M. shall be subject to an additional fine of one dollar for each five minutes or part thereof between 11:25 A. M. and the time at which they are deposited at the Clearing House.

V.

Parties having no items to clear must so report in writing, *under penalty of a fine of one dollar for neglect of such report*; and parties whose reports may be equal on both sides, and those whose reports show a credit balance, must put them in the Clearing House, under penalty, as provided in Art. IV above.

N. B.—To insure accuracy and expedite the clearings, parties must be sure the amounts claimed are mutually agreed upon and correct. A penalty of one dollar will be collected of any party claiming from or allowing to another party a wrong amount, and also for each error in footing or subtraction. All doubtful items must be excluded from the report.

VI.

If a claim is not allowed by the debtor, the claimant must on notice thereof, pay to the Clearing House by certified check the amount claimed; such payment to be made before 1:00 o'clock P. M. of the day on which notice is served, under penalty of a fine of five dollars (\$5.00). If such claim is not paid prior to 2:30 o'clock P. M. of the same day, the Clearing House will hold whatever funds it may have belonging to the claimant or his creditors, until such claim is satisfied.

VII.

In case a party, in his report, allows another party an amount in excess of that claimed by the second party, the excess will be refunded to the first party.

VIII.

The charge for clearing, as provided by the Rules, has been fixed at one and one-half cents for each item in each report, the same to be paid monthly on presentation of the bill by the Clearing House. Fines to be paid at time of notification that the same have been incurred, under penalty of the withholding of the next amount due such debtor or reporting the delinquency to the Board of Directors.

And whenever one of the executive officers of any corporation enjoying the privileges of the Clearing House shall have been expelled or suspended for misconduct in connection with the business of said corporation, such corporation shall thereafter and during the period of such suspension be entitled to the privileges of the Clearing House only after favorable action of the Board of Directors upon its written application for such privileges.

XIV.

Any corporation applying for membership in the Clearing House of the Board of Trade of the City of Chicago, may be admitted to such membership only upon recommendation of the Clearing House Committee, in the exercise of its discretion, and upon approval by at least ten affirmative ballot votes of the Board of Directors; *provided*, that three negative ballot votes are not cast against any such corporation.

XV.

When any member of the Clearing House, whether person, firm or corporation, is, in the opinion of the Clearing House Committee, using such Clearing House for the purpose of clearing the business of a member suspended from the privileges of the Board or one expelled therefrom, or of a corporation a stockholder of which is suspended from the privileges of the Board or expelled therefrom, the Clearing House Committee shall report such fact to the Board of Directors, who, in the exercise of its discretion, may deprive such a person, firm, or corporation of the privileges of the Clearing House for such period as they may see fit; the intent hereof being to prevent any membership in the Clearing House being used as a subterfuge to enable one suspended or expelled from the Board to still enjoy the advantages of the Clearing House, but not to prevent a member from clearing the individual trades made for the account and personal benefit of one suspended or expelled from the Board.

XVI.

Applications by persons or firms for membership in the Clearing House of the Board of Trade of the City of Chicago must be submitted to the Clearing House Committee and passed upon favorably by them before applicants will be entitled to the privileges of the said Clearing House of the Board of Trade of the City of Chicago.

REGULATIONS

For the Weighing of Grain

Under and by virtue of the provisions of Section 2, Rule IV, of the Rules of the Board of Trade of the City of Chicago, enacted in pursuance of Section 10 of the Act to Incorporate the Board of Trade of the City of Chicago, the following regulations are adopted by the Directors of the said Board of Trade of the City of Chicago, for the guidance and information of the Weighing Department and the members of this Association.

REGULATION 1

Received or transferred grain shall not be cleaned or blown before weighing, nor shall it be subjected to such handling as will cause loss in weight. This prohibition shall also apply to shipments after weighing.

REGULATION 2.

No dockage from actual weights shall be allowed on in-coming or out-going grain, except when unusual dirt or foreign matter is inseparably mixed with the grain, in which case it shall be the duty of the weighmaster or his deputy to determine the amount of unusual dirt or foreign matter, and to weigh the entire contents of the car. All allowances for unusual dirt or foreign matter shall appear on the face of certificate issued for such cars.

REGULATION 3.

All cars when unloaded must be thoroughly swept and cleaned, except in cases where cars contain foreign matter unsuitable for mixing with grain. Then it shall be the duty of the Weighmaster or his deputy to determine the amount of grain and foreign matter to be left in the car. This amount shall be stated on the certificate of weights for each car, but such amount shall not be included in the net weight as shown by certificate.

REGULATION 4.

If hopper scales are used in determining the amount of grain a car contains it shall be the duty of the elevator operators unloading such car to deliver to the scales the entire contents of said car except where cars contain unusual dirt or foreign matter not covered by Reg. 3, because not suitable for handling by elevator.

It shall be the additional duty of said elevator operator to clean thoroughly the unloading pits and the floor adjacent to such pits of any of the contents of said car that may have lodged there and deliver such contents to the scale to be weighed and credited to said car.

REGULATION 5.

The contents of each car shall be weighed in as few drafts as the scale in use will permit.

REGULATION 6.

The Weighmaster and his deputies shall be allowed to handle the scale beam in the performance of their duties.

REGULATION 7.

Certificates of weight shall bear the date of weighing, and when issued for cars that have been loaded with grain which, for any reason, are subsequently returned to the loading elevator and wholly or partly unloaded, shall promptly be returned to the weighing department by the member, firm or corporation receiving such certificates.

REGULATION 8.

No certificates of weights shall be issued on grain unloaded or transferred en route unless they are applied for within a reasonable time after cars are weighed, and before they have had time to arrive at their destination.

REGULATION 9.

A straight transfer must consist of the transferring of grain from one car to another without its identity being lost. If transferred through an elevator, the grain must go direct from the western or unloaded car to the scale and from the scale direct to the eastern, or car to be loaded without going into or through any house bins.

REGULATION 10.

All cars that are to be loaded with grain shall be in a suitable condition to carry such grain safely. In case cars are loaded that, in the judgment of the Weighmaster or his deputies, are not in proper condition to carry grain safely, the parties loading such cars shall at once be notified, and a statement of the condition of the car shall appear on the face of the certificate of weight issued for such cars.

REGULATION 11.

The Weighmaster in regulating the details of his office and the service of employes may, with the consent of the Weighing Committee, make such regulations as may be requisite or desirable in order to secure correct weights.

REGULATION 12.

Any member, firm or corporation of this Association receiving weight certificates not belonging to them shall return promptly such certificates to the Weighing Department, in order to facilitate delivery to the rightful owner.

**REGULATIONS ADOPTED UNDER THE AUTHORITY GRANTED IN
SECTION 22 OF RULE IV, ESTABLISHING "THE CUSTODIAN
DEPARTMENT OF THE BOARD OF TRADE OF THE
CITY OF CHICAGO"**

I.

A Custodian duly appointed by the Board of Directors, shall be placed at such private elevators or other buildings or places of private ownership as the Custodian Committee shall deem necessary and such Custodian shall keep a daily record containing the official Board of Trade weights of all commodities dealt in under the rules of the Association and weighed by the Official Board of Trade Weighmaster which commodities have been unloaded into or loaded out of such private elevators or other buildings or places of private ownership.

II.

When any of such commodities shall be unloaded as above provided, the Custodian shall promptly issue and deliver to the party for whose account the same is unloaded an official certificate as evidence of such unloading, except in cases where the commodity is loaded out in whole or in part on the same day as received, in which case the Custodian shall procure the shipping receipt or bill of lading given for such property, and shall deliver the same to such party with a certificate for such quantity that is not loaded out—the two together representing the entire quantity unloaded.

III.

The Custodian shall not allow the loading out of any commodity from such private elevators or other buildings or places of private ownership, except as provided in the second of these Regulations, until the proprietor or manager thereof shall surrender to him for cancellation official certificates properly endorsed equal to the amount of the commodities to be loaded out and such commodities shall be weighed by the Weighing Department of the Board of Trade of the City of Chicago.

IV.

The Custodian shall estimate daily the amount of shrinkage incidental to the handling, cleaning or clipping of grain, also of any variation between the "in" and the "out" weight, and report same at once to the proprietors or managers, and it shall be their duty to surrender to the Custodian certificates for cancellation sufficient to cover same. It further shall be the duty of the proprietors or managers to keep in store at all times, in excess of all outstanding certificates, a quantity equal to at least 3 per cent of the total quantity in store represented by outstanding certificates, in addition to the estimated amount of shrinkage, as hereinbefore provided.

V.

In such places where the commodities herein described are manufactured into products, or the original commodity otherwise changed in form, the Custodian may permit the proprietors or managers thereof to use such commodities without the surrender of Custodian certificates for the same whenever the said proprietors or managers shall furnish to said Custodian written evidence of the consent to such use by the party for whose account the said commodities were unloaded; provided, however, that the Custodian shall not issue any certificates for commodities used under such circumstances.

VI.

It shall be the duty of the Custodian to require the official weighing of all commodities in each and every private elevator, or other building, or place of private ownership hereinbefore described, by the Board of Trade Weighmaster as often as in his judgment may be needful to enable him to accurately determine the quantity of commodities stored in such elevators, or other buildings, or places of private ownership, for the purpose of verifying the correctness of his outstanding certificates; or the Custodian Committee may at any time in the exercise of its discretion, order the weighing of such commodities.

VII.

Whenever, in the judgment of the Custodian or of the Custodian Committee it shall be deemed advisable, the proprietor, or manager, of such private elevators other buildings or places of private ownership, shall be required to increase his ordinary line of fire insurance upon such private elevators, other buildings or places of private ownership and the contents thereof for which Custodian certificates have not been surrendered for cancellation, to such an amount as may be determined by the Committee or the Custodian; and such proprietor, or manager, shall allow an inspection of the amount and character of said insurance carried by such proprietor, or manager, whenever requested by the Custodian Committee or by the Custodian.

VIII.

Whenever such a course shall, in the judgment of the Custodian Committee, be deemed necessary, it is hereby empowered to impose upon such proprietors or managers the duty of preserving the identity of all grain thereafter unloaded into such private elevators, or other buildings, or places of private ownership; or in lieu thereof, the adoption of such measure or measures as in the judgment of the Custodian Committee may be adequate to protect the parties for whose accounts the commodities aforesaid were unloaded.

IX.

The buyers of commodities sold and delivered as hereinbefore provided shall tender in payment certified checks whenever the party for whose account such commodities have been unloaded shall give reasonable notice of his intention to demand the same and the latter may retain in his possession the Custodians' certificate until such certified check is thus tendered.

X.

It shall be the duty of the Custodian at such private elevator or other building or place of private ownership at the close of each day to seal the engine, shipping bins or other bins, or to adopt any other measures which in the judgment of himself or the Custodian Committee are necessary to prevent the removal of grain or other commodities from such private elevator or other building or place of private ownership during the absence of such Custodian.

XI.

All such commodities unloaded as aforesaid shall be held in such private elevator or other building or place of private ownership and shall not be released therefrom except in accordance with the Rules and Regulations of this Association governing the Custodian Department, but the Custodian, his assistants or subordinates shall not be liable in their official bonds or otherwise for any losses unless such losses are directly attributable to the negligence or misfeasance of said Custodian, his assistants or subordinates in issuing certificates for commodities not in fact unloaded or in allowing, during the hours when such private elevator or other building or place of private ownership is open for business, such commodities to be loaded out without requiring the surrender of official certificates for the same and nothing herein or any custom or private agreement to the contrary shall be construed to extend such liability; provided, however, that the Board of Trade of the City of Chicago shall in no case be liable for any losses except to the extent that such losses are due to its failure to keep in force a good and reasonable bond for the honesty and fidelity of said Custodian, his assistants or subordinates.
